INSPECTOR OF WIRES

Powers

SECTION 1. The Inspector of Wires appointed in accordance with General Laws Chapter 166, Section 32 and Acts of 1932, Chapter 282, Section 26, shall have control of the supervision and inspection of electrical wiring and shall endorse all By-Laws, and regulations that relate thereto.

Permits

SECTION 2. Before any person, firm or corporation shall install any electrical wiring, said person, firm or corporation shall make application to the Inspector of Buildings office for a permit for that purpose, pay a fee, as determined by the Board of Selectmen, and shall file with the Inspector of Wires such information or specifications as may be required. No permit will be required to do the following classes of electrical work:

- a. The installation, alteration or repair of electrical equipment installed by or for an electric utility company for the use of such company in the generation, transmission, distribution or metering of electricity.
- b. The replacement of electrical lamps or the repair of electrical equipment and appliances which are plugged into a permanently installed electrical outlet.
- c. For emergency repairs and maintenance of electrical wiring in establishments where a licensed electrician is employed continuously on the premises.

Inspections

SECTION 3. When any work is complete or ready for inspection, the Inspector of Wires shall be notified. If, upon inspection, the work is found to comply with the requirements of this By-Law and all applicable state laws, approval shall be given by the Inspector of Wires authorizing the electrical utility company for the connection to the electrical service work is defective, all defects shall be remedied before such an approval is issued.

Penalty

SECTION 4. Whoever violates any provisions of this By-Law shall be liable to a penalty not exceeding Twenty Dollars (\$20.00).
