RE: Special Permit (SP 2016-10) - 104 Creeper Hill Road

**PLANNING BOARD  
GRAFTON, MA**

Pursuant to our conversation I am submitting the following for consideration on the next review of the application for Special Permit (SP 2016-10)

As set forth in the applicant's response to Section 5.8.6 (General Requirements), specifically 5.8.6.5, I would request that a stipulation be attached to any approvals giving the Grafton Police, Fire Department and Emergency Management Agency permission to install, attach or erect any public safety communications equipment at the proposed site either on the tower or in the equipment shelter, at no charge, that may be deemed necessary in the future.

Public safety communications equipment shall include but not be limited to radio receivers, transmitters, repeater stations, antennae and outdoor sirens/early warning devices. Said public safety equipment shall not interfere with the operation of the applicant's facility.

Please feel free to contact me if you have any questions or require additional information.
