

Get wise about leaf litter. Consider your options.

1. Mulch leaves in place with your lawn mower to put valuable nutrients back into your soil.
2. Gather leaves and other "yard waste" into a compost pile, leave over winter to decompose and then use as fertilizer next growing season.
3. Offer your leaves to a neighbor who may be able to use them for composting.
4. Properly dispose of leaves in Grafton by taking them to the Brush Dump located on Millbury Street.

Did you know?

The combination of rainfall with leaves on our driveways, sidewalks, streets, and parking lots can produce stormflows into local rivers, streams, and lakes that are loaded with nutrients. Proper use or disposal of leaves will help to avoid these contaminated flows.

Grafton Department of Public Works

Grafton's Brush Dump Area is open Monday-Friday from 10:00-1:00 and Saturdays from 9:00-1:00. Go to <https://www.grafton-ma.gov/department-public-works-engineering/pages/brush-disposal-area-information> for more information, or call the DPW at: 508-839-5335 x1124.
