III. FINDINGS

At their meeting of July 12, 2021 after due consideration of the EXHIBITS submitted and the entire record of proceedings introduced and accepted in this matter, the Grafton Planning Board (motion by Justin Wood, seconded by Robert Hassinger) voted five (5) in favor and zero (0) opposed to make the following Findings:

- F1.** That determinations regarding the following Findings are based upon the documents and plans identified in this Decision, as well as the information and EXHIBITS submitted and presented in association with the Applications.
- F2.** That this Application is for an accessory apartment on the Site as defined in Section 2.1 and Section 3.2.3.1 (Accessory Uses) of the Grafton Zoning By-law (hereinafter ZBL), and as shown on the plans identified in Exhibit #1h-I and Exhibit #2 of this Decision.
- F3.** That the Site is located in the Low Density Residential (R40) zoning district. The Board further finds that accessory apartments are permitted in an R40 zoning district only upon the issuance of a Special Permit by the Planning Board.
- F4.** That determinations regarding the following Findings are also predicated upon the maintenance of the Site in accordance with this Decision, as well as all applicable Federal, State and Local regulations, except where modified by this Decision.
- F5.** That during the public hearing the Applicants presented the application to the Board. They are seeking the Special Permit and Site Plan Approval for the purpose of demolition and reconstruction of an existing single-family structure with a new accessory apartment use. The accessory apartment is to be occupied by relatives of the applicant (via affinity or consanguinity).
- F6.** That during the public hearing, the Planning Board informed the Applicant that previously issued special permits for accessory apartments typically include a condition that limits occupancy of such apartments to relatives of the applicant (via affinity or consanguinity). The Board finds that the Applicant acknowledged this condition.

- F7.** That during the public hearing process, the Planning Board informed the Applicant that the decision of the Board will be conditioned to reflect that the Special Permit and Site Plan Approval will be limited strictly to the Applicant named in the Decision. If granted, the Special Permit and Site Plan Approval becomes null and void in the event that the Applicant sells the house. The Board finds that the Applicant acknowledged this condition. (See also FINDING #F6).
- F8.** With regard to Section 1.5.5(a) of the ZBL, that based upon the Findings stated within this Decision, ingress and egress to the property and proposed structures thereon with particular reference to automotive and pedestrian safety and convenience, traffic flow and control and access in case of fire or catastrophe, are adequate.
- F9.** With regard to Section 1.5.5(b) of the ZBL, that based upon the Findings stated within this Decision, off-street parking and loading areas where required, and the economic, noise, glare, or odor effects of the Special Permit on adjoining properties and properties generally in the district are satisfactory.
- F10.** With regard to Section 1.5.5(c) of the ZBL, that based upon the Findings stated within this Decision, refuse collection or disposal and service areas are satisfactory. Given the nature of the application no changes to the existing refuse collection are required.
- F11.** With regard to Section 1.5.5(d) of the ZBL, that based upon the Findings stated within this Decision, screening and buffering with reference to type, dimensions and character are adequate.
- F12.** With regard to Section 1.5.5(e) of the ZBL, that based upon the Findings stated within this Decision, signs and exterior lighting with reference to glare, traffic safety, economic effect is compatible and in harmony with properties in the district. No exterior lighting or signs are proposed. The proposed use is residential and is compatible with surrounding residential uses.
- F13.** With regard to Section 1.5.5(f) of the ZBL, that based upon the Findings stated within this Decision, the required yards and other open space requirements are adequate. The proposed use meets setback and other dimensional requirements.
- F14.** With regard to Section 1.5.5(g) of the ZBL that the proposed accessory apartment use (as presented in the EXHIBITS stated within this Decision and by the Applicant during the public hearing) is generally compatible with adjacent properties and properties in the district.
- F15.** With regard to Section 1.5.5(h) of the ZBL, that upon satisfying and complying with all applicable Board of Health requirements, and based upon the Findings stated within this Decision, there **will not** be any significant adverse impact on any public or private water supply.
- F16.** With regard to Section 1.5.5(i) of the ZBL, that upon satisfying and complying with all applicable Board of Health requirements, and based upon the Findings stated within this Decision, there **will not** be any significant or cumulative impact upon municipal water supplies.

- F17.** With regard to Section 1.5.5(j) of the ZBL that based upon the Findings stated within this Decision, protection of important historic, cultural and scenic landscapes with regard to the proposed use is satisfactory.
- F18.** That Section 1.3.3.2 of the ZBL requires that the procedure for the Site Plan Review, as defined in the ZBL, be incorporated into the procedure for reviewing Special Permits.
- F19.** That Section 1.3.3.3 of the ZBL defines the procedure for Site Plan Review, including a description of the plans and materials to be submitted to the Planning Board.
- F20.** The Board finds that Section 1.3.3.4 of the ZBL allows an applicant to request waivers from certain requirements of the Site Plan Review procedure. The Board finds that the Applicant submitted waiver requests from Section 1.3.3 of the Grafton Zoning By-Law (see Exhibits #1g and #5).
- F21.** That the Application as described within the Exhibits of this Decision, the waivers requested, and the resulting site plan, **are not** contradictory or inconsistent with the intent and purposes set forth in Section 1.3.3.1 of the ZBL.
