

# Library Expansion

## Comments

~~Area~~

Great Idea!! 😊

elevator, not lift ✓

see plan!

-Excellent

Great Idea!

- Can there be a book drop outside that goes to the inside of the library for parents who have to drop off books during the day and have small children in the car? The regular book drop isn't checked during the day, and when your kids are sleeping you have to wake them to return books that are due. YES.

A Coat Rack / Hooks for Backpacks: <sup>WAM</sup> GREAT IDEA! BG

Computers for kids? with programs like ABC Mouse, etc.

ADDED IN MOST RECENT PLAN!

Drive up drop off

Snuggly reading spots with "cobby" or fort-like nooks.

Computer lab for coding

The new library should have a fireplace where people can sit next to it, and read books during cold weather or just on a regular day.
